Maureen here said they are very nice now that they understand what is going on. Filled out a credit application, so we have their account ready to go. Sounds like they might possibly order, but not positive yet.

Steve

Dane Drug! They wanted to know who the F this lady Aunt Sandra was that showed up looking for her Oxycodone 15mg today!

You can't make this stuff up! Dane Drug said they thought it was a crank call when KeySource called Friday to arrange the order with them.

Thank you in advance,  
Steve
